Urges State Law Behalf Mothers

New York, Dec. 30 .- Enactment of aws in all states to co-operate with the federal government in protecting maternity, particularly among working women, was urged by speakers at the closing sessions of the fourteenth annual meeting of the American Associa tion for Labor Legislation here today Restriction of employment, cash benefits to offset loss of earnings, and free medical care were declared to be the pressing need to overcome an increasing mortality fate for both mothers and infants.

CRIMINAL ACTIVITY NOW GREATEST IN HISTOR-Y

Washington, Dec. 20.—Criminal activity at this time is the greatest in the history of the secret acrevice, according to testimony of William H. Moran, chief of the bureau, before the house appropriations committee. There were more arrests last year than in any single year since 1837, he said.

"At the rate we are going now this promises to be a banner year in this respect," Mr. Moran declared. "The activity in all lines of endeavor, particularly as to bank robberles, is serious. I think we have an incidental interest in bank robberles because scarcely any of them are pulled off that do not involve the taking of registered bonds, unsigned bank currency, or something that we must protect. Two hundred and forty cases a month has been our average on forged checks alone."

LODGE CALLS SESSION

To Consider Sounding Britain, Japan on Disarmament.

Washington, Dec. 30.—A call for a special meeting of the senate foreign relations committee Monday next to consider the Borah resolution calling upon the state department to "sound out" Great Britain and Japan on the question of disarmament was issued yesterday by Senator Lodge, republican, of Massachusetts, chairman of the committee, Favorable action on the resolution by the committee, as well as by the senate, is anticipated by Senator Borah. SHOOTS WIFE, KILLS SELF

Oklahomans in Tragedy Jacksonville Hotel.

Jacksonville, Fis., Dec. 20.—Breaking into a locked room of a local hotel early today, police discovered a man, believed to be, W. F. Meadows, 30, of Tuiss. Okis., dead and a woman, thought to be his wife, dying as the result of builet wounds. A revolver, still warm, was found between the two, who were lying in bed clad in their night clothing.

Pistol reports aroused hotel guests, who summoned the police. Entrance was affected through a window and the man discovered with two builet wounds through the heart and the woman by his side shot through the center of the forchead.

ONE KILLED, SIX WOUNDED

ONE KILLED, SIX WOUNDED

Dublin, Dec. 38.—A large contingent of the Royal Ireh constabulary was ambushed near Middleton, in County Cork, early today and one was killed and six wounded. Some of the wounded are reporting dying.

Extensive Raids.

Dublin, Dec. 39.—The nchitary today made extensive raids and searches of residences and business establishments throughout Dublin. In Rutland Square alone, 500 soldiers made a house to house impaction and about a score of young men were arrested.

A second battle developed when policemen were rushed from Cork to Middleton. They encountered a harricaded roud and while trying to break through were fired upon from ambush. Although there was heavy firing, the only casualty reported by the police was the wounding of a sergeant. He was reported to be hadly hurt. The policemen finally reached Middleton and at last raports were on their way back to Cork with wounded.

NEW WAR FOR BALTIC

London, Dec. 30.—That warfure is again threatened in the Baltic states was indicated by advices received by the fereign office today, According to official dispatches, the soviet government at Mossow has begun massing troops, and belief is expressed in some quarters that they intend to make a drive to seize Riga before Poland and Lithuania can come to an agreement over disputed territory. Such military activity by the reds would block final signature of the Russo-Polish peace pact.

ON HIS ARMOR

Determined to Fight for Legislation to Insure Adequate Supply of Oil for Navy.

FAVORS PHELAN MEASURE

Washington, Dec. 20.—(I. N. S.)—
Asserting that "no nation in the world is to be frusted when it comes to fuel oit and communications," Secretary of the Navy Josephus Daniels said today he would fight in office or out" for legislation to insure an adequate supply of oil for the American navy. He announced himself as favoring the Pheian bill, which would authorize this government to purchase and operate oil fields in other countries and said immediate steps should be taken to acquire more oil bases abroad for our ships.

The secretary said he would continue to exercise his wartime power to commandeer fuel oil, "Just so long as it was necessary to protect the navy from attempts on the part of producers to extort exorbitant prices."

"Some say the war is over," he said.
"If it is, I have no official knowledge of it, and especially when it is a question of protecting the government from oil profiteers."

Repeating his assertion that no coal burners can light an oil burner on anything like equal terms, the secretary urged that the oil supply be conserved for the navy and merchant marine, and insisted that the government should be constantly on its guard against encroachment on its oil reserves by private concerns.

The navy now has five underground oil reserves, totalling approximately 213,534 acres, They are located in Colorado, Utab, Wyoming, Nevada and California, Three of these tracts are petroleum reserves, while two are oil shale reserves. According to United States geological survey estimates, the three petroleum tracts have a recoverable petroleum content of about 465,000,000 barrels. Deposits in the shale oil reserves are conservatively estimated at 1,000,000,000 barrels. It will not be commercially practicable to operate the shale oil reserves for some time to come, the secretary said.

"For several years," Daniels said,

come, the secretary said.

"For several years," Daniels said,
"It has been necessary for the mavy department to be vigilant to prevent the
exploitation of these reserves by trespassers who had no legal right to the
oil set aside for naval use. Is have
been compelled to light almost every
day of my incumbancy in office to prevent the dummy entrymen and illegal
operators from taking the naval reserve, the only hope for the navy when
the all too rapid use of American on
will leave it the only available supply.
Not a week passes but thick presents. will leave it the only available supply. Not a week passes but finds pressure to lease oil reserves and the demand for turning these reserves over to present operations increases. For all appeals the navy has the answer of John Paul Jones, 'I have just begun to fight.' 'So long as I am secretary of the navy I will uever consent to the loss of any pertion of the naval oil reserves, and as long as I live in public or private life will continue to serve my country by opposing the well organized determination to obtain these reserves.'
